FACT SHEET

WHAT IS HOME VISITATION?

The South Phoenix Regional Partnership Council (RPC) has identified the need for regional implementation of the following strategies:

- Expand or establish new home visitation programs that support parents and caregivers in their ability to promote their children's optimal development and health, using a the "Parents As Teachers" model for at-risk families to support, enhance, and implement home visitation programs and services that provide parents and caregivers access to information, resources and high-quality social support.

The purpose of this funding opportunity is to allow for the expansion of existing evidence-based home visitation programs, allowing them to expand to target populations they do not currently serve or to expand existing programs to deliver services to all families with emphasis on unserved or underserved geographic areas. Applicants must demonstrate collaboration among community and neighborhood-based entities as well as describe their agency's capacity to network and collaborate with other service providers to better provide and coordinate the services families need.

Family participation in home visitation services is voluntary and must be provided free of charge to the family.

WHAT IS THE TOTAL AMOUNT OF FUNDING AVAILABLE?

Approximately \$750,000.00 is available in this Request for Grant Application. Contract renewal will be contingent upon satisfactory contract performance, evaluation and availability of funds.
